

Proactive Health Solutions, LLC

Initial Imaging

Initial Breast Scan\$205 (6 images of breast region)

Upper Body w/ Breasts Scan....\$295 (head to hips ~ 24 images: sinus, dental, thyroid, carotid arteries, TMJ, shoulder, upper back/lungs, heart, breasts and all vital and reproductive organs.)

Full Body w/ Breasts Scan.....\$395 (head to toe ~ 40 images: all regions listed above plus hips, legs, knees, ankles/feet.)

Required 3 month follow up breast scan. . . . All above scans require a 3 month follow up breast scan (females) – used to compare the two studies to determine stable physiology. The cost of this breast follow up is \$99.

Immune Health Check..... \$225 (10 specific images of head, upper torso, thoracic region and legs to assess immune health. Breasts are not included in this study.)

To add the **Immune Health Check** set of 10 images to any of the above regions, add \$125.
